

ARITRA BERA

BARASAT, KOL-124

Profile

Residing in the outskirts of Kolkata, specifically Barasat, I bring a solid foundation in various MS Office applications, along with proficiency in Photoshop and Illustrator. With two years of hands-on experience in HTML5 and CSS3, coupled with an internship sanctioned by AICT, I have honed my skills in web development.

While my academic journey paused after completing 12th grade due to financial constraints, I am currently pursuing BCA with a fervent determination to excel. Eager to contribute my full potential to your esteemed company, I am committed to leveraging my skills and experiences for mutual growth and success.
